

Just who is behind Emergency Services at Portneuf Medical Center?

Toll-free: 1-877-721-MORE (6673)

An entire regional medical center is behind every visit to Portneuf Medical Center's Emergency Department.

Not all emergency departments are alike.

Not all emergency departments are backed by the
expertise and depth of services of Southeast Idaho's
regional medical center.

Only Portneuf Medical Center can claim that distinction.

An entire regional medical center, ready to make you
their number one priority.

Because your emergency is the most important thing
in the world.

Portneuf Medical Center. What you need.
When you need it.

On-call at Portneuf Medical Center. There when you need them. Peace of mind.

No hospital in Southeast Idaho has more on-call specialists than Portneuf Medical Center.

- Cardiology and Cardiac Catheterization
- Cardiovascular Surgery
- Orthopedic Surgery
- Emergency General Surgery
- Neurology

“Fast” counts when it comes to emergency departments.

But you also want to know that what happens ... can be helped. Sometimes, the most important “fast” is how fast the right specialists can be there. When the emergency really is an emergency, that can make all the difference in the world.

And when it comes to having the right specialists there – fast – no other hospital in Southeast Idaho comes close to the number of specialists on-call at Portneuf Medical Center.

Southeast Idaho’s most experienced Emergency Department. Better ... by the numbers.

The Emergency Department at Portneuf Medical Center sees nearly 40,000 visits a year. That’s a lot of experience. When it comes to emergency medicine, experience counts.

And that experience shows in the numbers that count:

100%
10 minutes
100%
27

100 percent of the nursing staff at PMC's Emergency Department are Registered Nurses, with advanced training in cardiac care, pediatric emergencies, and life support measures. More of the nurses in the Portneuf Medical Center Emergency Department have earned the Trauma Nurse Certification than in any other emergency department in the region.

Average time from arrival to triage.

100 percent Emergency Department Physicians – Board Certified Emergency Medicine.

Number of new state-of-the-art Emergency Department cardiac rooms.

The Strength of a Regional Medical Center.

Portneuf Medical Center continues to deliver state-of-the-art medical care to the residents of Southeast Idaho. With a new facility scheduled to open in 2011, a wide array of specialists are continually joining Portneuf Medical Center, bringing with them leading-edge medical practices and knowledge from around the country.

This means that if you do need to be referred for additional care after a visit to PMC's Emergency Department, or if you need to be admitted to the hospital, referral to the specialized care you need for the quickest possible recovery is right beyond the Emergency Department's doors.

When the emergency is over, the strength of Southeast Idaho's regional medical center means you get the best care possible.

The comfort of knowing they care for you as an individual.

The medical professionals at Portneuf Medical Center never forget that you are an individual. The men and women at PMC care deeply about making sure your experience with us is a positive one.

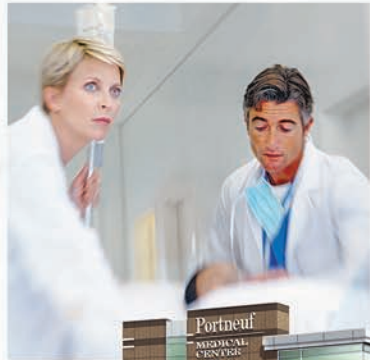

Portneuf Medical Center is dedicated to caring for you as if you were a member of the family. You'll feel it from the moment you enter the Emergency Department until you're back home.

In fact, don't be surprised if a member of the Emergency Department at PMC calls you later, just to make sure everything is alright.

You placed your health in their hands. At PMC, they never forget what that means.
